Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work. He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a preparation that quickly and completely banished every sign and symptom of rheumatism from his system. He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. All Druggists has been appointed agent for Allenhu in this vicinity with the understanding that he will freely return the purchase money on the first two bottles to all who state they receive no benefit.

Located on main gravel road. 90tf Wm. Smerdon, Monett, Mo.

ONE DOLLAR SAVED REPRESENTS TEN DOLLARS EARNED

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he can not be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars later on. It is the same in buying Chamberlain's Colic and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars.

BILIOUSNESS AND CONSTIPATION

"For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, helping the system to do its work naturally," writes Mrs. Rosa Potts, Birmingham, Ala.

I'm glad I said PARKER

Parker Pens got their reputation the same way Shakespeare got his—by excellence in writing. A Parker Pen will prove to you that expectation can come up to anticipation.
